

### [WHO Representative Monitored TUOMS Health Complex](#)

Dr. Sameen Siddiqi, representative of world health organization in Iran visited Tabriz University of Medical Sciences on 4-5 March 2017 to monitor the model of Tabriz health complex

Dr. Sameen Siddiqi, representative of world health organization in Iran visited Tabriz University of Medical Sciences on 4-5 March 2017 to monitor the model of Tabriz health complex.

On the first day of their visit, Dr. Siddiqi and Dr. Jafar Sadegh Tabrizi paid several visits to some health centers inside Tabriz and its slums. The second day included a trip to Malekan to analyze the health complex model running in this town. The main objective of this trip was to evaluate the model of health complex proposed by TUOMS in an attempt to get a comprehensive pattern and model for the whole country.
