- **Accommodation fees**

The monthly fee of dormitory is 9,000,000 IRR **for each person** for a two-bed room, 7,000,000 IRR for a three-bed room and 5,000,000 IRR for a four-bed room. **Please kindly be informed that accommodation of single students in any residential house not affiliated to Tabriz University of Medical Sciences is prohibited by Iranian law and all international students must stay in dormitories belonging to the University.**

In the case of married students, unfortunately, the University cannot provide the accommodation for other family members (wife/husband/children, etc.) currently; but if the married students wish to be accommodated in the dormitory of single students, the University can help them get a room.

Also, if married students want to have their family members accommodated in the city, they might refer to the Immigration and Passport Office and complete the process to obtain the needed permissions. Afterward, they can rent a flat outside the University.

- **Meal costs**

The monthly food cost (including breakfast, lunch and dinner) is about 10,000,000 IRR for each person (The food is not served on holidays). Each breakfast 50,000 IRR, lunch 200,000 IRR, and dinner 150,000 IRR.

- **Insurance cost**

It costs 1,000,000 IRR monthly for each person.

- **Required documents**

In order to apply for any courses at Tabriz University of Medical Sciences, send the documents below to iro@tbzmed.ac.ir.

- 1) Filled application form
- 2) Scan of photo (Size: 10-100kb & Dimensions: at least 400*600)
- 3) Scan of passport (Size: 10-100kb & Dimensions: at least 600*800)
- 4) Scan of last certificate (Size: 10-100kb)

- **Visa**

The issuance of education visa is subject to the issuance of visa note.

Visa Note

A Visa Note is an education visa permit that is obtained by the International Relations Office (IRO) from SAORG (Student Affairs Organization) only once for every student and sent to the applicant by email. Please kindly note that if the valid date is expired due to any reason, IRO will not be able to request a new note from the responsible authorities. Visa Note is valid for up to 2 months from the date of issuance. Students holding the Visa Note and a valid passport shall refer to the relevant Iranian Consulate General (stated on the visa) and receive their education visa.

Education Visa

This type of visa is the student entry and registration permit and it is a prerequisite for issuing a residence permit. Education visa is valid for 1 month from the date of entry into the country. The

Vice Chancellor for Education obliges the applicant to refer to the registration office at the specified time (stated in Admission Letter) and only after getting the student visa. The expiry date of Education visa issued by the embassy or consulate can be seen on it. The applicant must refer to the registration office of the University in the valid time period.

- **Grade Point Average**

The minimum Grade Point Average (GPA) of your latest degree must be over 80 out of 100 (16 out of 20) for MD, Pharm.D., DDS and PhD and Over 75 out of 100 (15 out of 20) for B.Sc., M.Sc. and MBBS.
